# Impressions by Gender

Female and "All" audiences each account for **37%** of impressions (46K each), while Male audiences represent **26%** (32K). Female and All audiences are equally dominant in reach.

# Impressions by Age Group

Impressions vary significantly across age groups, with a peak range between **25–44**. The 18–24 and 55+ segments show lower engagement, suggesting opportunities to refine targeting strategy for those cohorts.

[Full age-group breakdown available in the detailed report.](#)

# Impressions by Country

Campaigns reached audiences across **six major regions** worldwide. North America and Europe lead in impression volume, followed by Asia. South America, Africa, and Australia represent emerging markets with growth potential.

# Monthly & Weekly Trends

## June Analysis

Full-month tracking across all 30 days of June reveals daily performance patterns and peak engagement windows.

## Weekly Trend

A 30-week stacked bar view shows impression volume fluctuation over time, highlighting seasonal or campaign-driven spikes.

# Hourly Impressions Trend

The 24-hour breakdown reveals **peak engagement windows** throughout the day. Use this data to optimize ad scheduling and budget allocation toward the highest-traffic hours for maximum ROI.

# Performance by Ad Type

| Ad Type  | Impressions | Clicks | CTR    | Purchase Rate | Engagement Rate | Conversion Rate |
|----------|-------------|--------|--------|---------------|-----------------|-----------------|
| Carousel | 12.8K       | 1.5K   | 11.69% | 0.54%         | 13.66%          | 4.60%           |
| Image    | 12.3K       | 1.5K   | 12.14% | 0.56%         | 13.89%          | 4.62%           |
| Stories  | 12.4K       | 1.4K   | 11.23% | 0.61%         | 12.94%          | 5.46%           |
| Video    | 3.3K        | 0.4K   | 11.88% | <b>0.66%</b>  | 13.71%          | <b>5.56%</b>    |

Video ads deliver the **highest purchase rate (0.66%)** and conversion rate (5.56%) despite the lowest impression volume — a strong signal to scale video investment.

# Platform Breakdown: Meta

## Facebook

Part of combined Meta performance data

## Instagram

Part of combined Meta performance data

Combined Meta campaigns generated **339.8K impressions**, **40.1K clicks**, **2.0K purchases**, and **46.1K engagements** — with a **11.79% CTR**, **13.58% engagement rate**, and **5.07% conversion rate**. Total Meta budget: **\$2.5M** (avg. \$50.7K per campaign).

# Key Strategic Recommendations

Based on the performance data, here are the core recommendations to optimize future ad campaigns and drive better ROI:

1

## Increase Video Ad Investment

Allocate more budget to video ad formats, as they consistently demonstrate the highest purchase and conversion rates.

2

## Refine Audience Targeting

Optimize targeting for age groups 25-44 and explore growth opportunities in emerging markets like South America and Africa.

3

## Optimize Ad Scheduling

Leverage hourly performance trends to schedule ads during peak engagement times for maximum visibility and impact.

4

## Enhance Conversion Funnel

Investigate and improve the post-click experience to convert high engagement rates into higher purchase rates.
